Our Vision Statement

'Inspire learning and develop children's potential as individuals in a caring, happy and distinctively Christian family.'

The Bible verse that underpins our Vision Statement

"I have come that they may have life, and have it to the full." - John 10:10.

Our Strapline

'Learning and Growing together with God.'

Our Values

Egton School is a small, distinctively Christian, family based learning community. We learn and grow together. Our key values underpin everything we strive for in our school:

FRIENDSHIP

How good and pleasant it is when God's people live together in unity *Psalm 135.1*

RESPECT

In everything, do to others what you would have them do you. *Matthew 7.12*

TRUST

Trust in the Lord and do good. *Psalm 37.3*

Learning and Growing Together with God

Introduction

Egton Church of England School is a small, distinctively Christian, family based learning community. This means that the teaching of religious education (RE) is given significant importance and has a unique place as a central subject in the Curriculum. Pupils and their families can expect a high quality RE curriculum that is rich and varied, enabling learners to acquire a thorough knowledge and understanding of a range of faiths and world views. Links with our school vision, and support for pupil's spiritual, moral, social and cultural (SMSC) development are intrinsic to our RE curriculum and have a significant impact on learners.

Religious Education in Aided schools is determined by the Governing Body. In York Diocese, the Archbishop is seen as the interpreter /arbitrator of the denominational aspects of the Instrument of Government. This gives the authority for the Diocesan Guidelines to be used in Church Aided schools to meet their legal obligation in fulfilling the requirements of their distinctive Christian foundation. We are also mindful of the Education Reform Act 1998 stating that "R.E. is a valid discipline in its own right, which acknowledges the spiritual nature of human beings".

We hope, through this policy and our work, to promote a caring school community in which sound **FRIENDSHIPS** flourish based on mutual **RESPECT** and **TRUST** for others.

Aims and Objectives

As a Church of England School we approach Religious Education in a way that will not only introduce children to an understanding of the nature of Christian beliefs and practices but aims to provide a foundation for Christian learning for life.

As stated in the Church of England Statement of Entitlement for Religious Education 2019, our school aims for all pupils:

- To know about and understand Christianity as a diverse global living faith through the exploration of core beliefs using an approach that critically engages with biblical text.
- To gain knowledge and understanding of a range of religions and worldviews appreciating diversity, continuity and change within the religions and worldviews being studied.
- To engage with challenging questions of meaning and purpose raised by human existence and experience.

- To recognise the concept of religion and its continuing influence on Britain's cultural heritage and in the lives of individuals and societies in different times, cultures and places.
- To explore their own religious, spiritual and philosophical ways of living, believing and thinking.

Curriculum for Religious Education

RE is an academic subject that has a high profile in our school curriculum. Christianity should be the majority religion studied in each year group and should be at least 50% of curriculum time. In order to allow the children to have the opportunity to explore deeper questions about life and to learn about Christianity alongside a wide range of other faiths and cultures it is placed in the Core curriculum. Further to this, we allocate at least 5% of our curriculum time to the subject. We teach RE through an enquiry model, using cross-curricular connections and through visits and visitors.

This means that our RE curriculum:

- is intrinsic to our distinctive Christian vision in enabling all pupils to flourish. In addition, it contributes to our teaching of British values and to pupils' spiritual, moral, social and cultural development.
- is delivered in an objective, critical and pluralistic manner to engage and challenge all pupils through an exploration of core concepts and questions. Lessons provide meaningful and informed dialogue with a range of religions and worldviews.
- reflects a good balance between the disciplines of theology, philosophy and human science, to enable pupils to develop their Religious Literacy*

**Religious Literacy: Helping children and young people hold balanced and well-informed conversations about religion and belief. (Key Principles of a balanced curriculum in RE.)*

- enables pupils to acquire a rich, deep knowledge and understanding of Christian belief and practice, including the ways in which it is unique and diverse, whilst engaging with biblical texts and theological ideas.
- provides opportunities for pupils to understand the role of foundational texts, beliefs, rituals, and practices and how they help to form identity in a range of religions and worldviews.
- supports the development of other curriculum areas and other general educational abilities such as literacy, empathy and the ability to express thoughts, feelings and personal beliefs.

- encompasses the full range of abilities to ensure that all flourish academically, using a wide range of teaching and learning strategies which consider the task, outcome, resource, support and pupil grouping as appropriate to pupils' needs
- offers tasks that are age appropriate, challenging and sufficiently demanding to stimulate and engage all pupils, whilst extending the most able and providing support for those who need it.
- ensures that all pupils' contributions are valued in RE as they draw on their own experiences and beliefs.

Our long term plan (see Appendix 1) allows our school family to learn, understand and value a range of different beliefs and religions throughout their time at Egton Church of England School. Through the Understanding Christianity resource, the use of an enquiry approach engages with significant theological concepts and the pupil's own understanding of the world as part of their wider religious literacy (see Appendix 2). Staff use a medium term plan per unit of RE Work (Appendix 3)

Teaching and Learning

At Egton Church of England School we place a significant importance of teaching RE in a creative, knowledge-rich, broad and balanced way. Learning activities provide fully for the needs of all pupils, so that they develop a wide range of skills including enquiry, analysis, interpretation, evaluation and reflection. They provide opportunities to engage in meaningful and informed dialogue with those of all religions and worldviews. RE lessons provide a safe space to explore their own religious, spiritual and/or philosophical ways of seeing, living and thinking, believing and belonging. Pupils experience opportunities to learn and express themselves through an enquiry based style of learning by:

- Posing and discussing 'big' and challenging questions
- Reading and critically analysing texts.
- Interpreting information from different sources.
- Researching information for themselves in libraries and on computers.
- Listening to and discussing with the teacher and other pupils.
- Engaging in pair and group work.
- Exploring a range of media such as artefacts, pictures, photographs, music and drama.
- Experiencing visits and visitors.
- Taking part in outdoor learning.
- Taking time for reflection.

Teaching in RE challenges stereotypes, misinformation and misconceptions about race, gender and religion. Lessons seek to present religions and world views in all their richness and diversity in terms of beliefs, traditions, customs and lifestyle in a sensitive and accurate way in order to encourage a positive attitude towards diversity. Questions, views, and opinions are treated with sensitivity and respect.

Teaching enables pupils to gain something of personal value from their study of religious belief and practice, for example, the way that they might apply insights gained from religious stories to their own lives.

Cross-Curricular links

Cross curricular work is encouraged, in line with whole school policy on teaching and learning. Religious Education supports the development of general educational abilities such as literacy, empathy and the ability to express thoughts, feelings and personal beliefs. RE also makes a major contribution to pupils' SMSC development. It addresses issues which arise in a range of subjects, such as English, art, drama and history, geography, computing, music as well as personal, social and emotional education and citizenship.

Assessment

Religious Education assessments are carried out termly throughout the year and are recorded in the same system as Maths and English at the end of the Summer Term. The Subject Leader analyses evidence of learning for a lower ability, middle ability and more-able pupils. The RE Subject Leader analyses assessments termly to monitor the effectiveness of teaching.

Assessment will:

- Involve identifying suitable opportunities in schemes of work such as Understanding Christianity.
- be termly throughout the year.
- be discussed with other staff members.
- take account of work produced by pupils working with the Diocesan Syllabus.
- not be solely on evidence of achievement in written work.
- take place in planned opportunities for assessment as well as in opportunities that arise during learning activities.
- be based on various strategies for example, personal responses through art, poetry, dance, drama, self-assessment, inventing games, peer discussion, marking conversations and audio visual presentations.
- Include pupil self-assessment.
- be measured against the clear I Can Statements in the Diocesan Syllabus ensuring progression across key stages.
- Enable effective tracking of pupil progress to identify areas for development in pupil's knowledge and understanding, as well as whole school areas for development.
- Enable effective reporting to parents.

Monitoring, Evaluation and Review

We intend that this policy should operate for the next 3 years, and then be fully reviewed by all staff and governors to ensure that our RE policy is in practice, and to

help teachers keep track of their own work and needs for support or training. The subject leader's role includes monitoring and evaluation of this policy in practice.

Resources

We have a wide range of resources, to support our RE teaching, that we continue to develop. The school makes use of guidance material produced by the SACRE / Diocese. Funding allows regular review of resources and, where possible and pertinent, visits and visitors and provides training as appropriate for staff. All resources will be listed, stored, be easily accessible and kept in good condition. Resource banks will be available for both staff and pupils on all major religions and world views as appropriate. Our staff are given protected time to familiarise themselves with any new materials. A regular audit of resources takes place by the RE subject leader in order to update our collection.

Health and Safety

Health and safety issues may arise in religious education on a number of occasions for example, when pupils:

- Handle artefacts.
- Consume food.
- Visit places of worship.

Teachers will conform to guidelines in the school's health and safety policy in these circumstances.

Legal Requirements

Religious Education must be provided for all registered pupils in full time education except those withdrawn at their parents' request (or their own request if aged 18 or over).

(DfE Circular 1 / 94, paragraphs 44 & 49, and Non-Statutory Guidance 2010 page 28)

The law relating to Religious Education for pupils who are not yet in key stage 1 is different from that relating to subjects of the National Curriculum. As Religious Education must be taught to 'all registered pupils at the school', it includes pupils in reception classes, but not those in nursery classes or play groups. We note the Human Right of parents to withdraw their children from RE. The school must comply with any request from a parent to withdraw their child and parents are not required to give their reasons for wanting to do so. However, in view of the importance placed on RE as a core subject in a church school, we would hope that all children admitted will participate fully in RE. We aim to provide an open curriculum which can be taught to all pupils, by all staff. Teachers are asked to refer to the head teacher any questions from parents about withdrawals. We ask that and that anyone wishing to

withdraw their child would discuss this with the Headteacher before making this decision. Requests for full or partial withdrawal from RE should be made in writing to the head teacher and a record kept of them.

Inclusion

Egton CE (VA) Primary School upholds an equal opportunities policy. All children will be included in RE activities with special provision being made for children with special requirements e.g. disabilities requiring assistance for practical activities.
